Financial Highlights for 2nd Quarter of FY2025

- The new "Accounting standard for leases" is providing a tailwind, but the contribution for this year is limited; it is expected to contribute to sales and profits from the next fiscal year onwards.
- While focusing on R&D and human resource development, sales increased slightly compared to the previous year.
- Profitability improved significantly in the current period compared to the same period last year when profit margins deteriorated due to troubleshooting of a large project.

- Selling, general and administrative expenses increased slightly due to control of other expenses, despite an increase in R&D expenses.

			1
	Q2 FY2024	Q2 FY2025	YoY
Net sales	¥3,026m	¥3,118m	+3.0%
Operating profit	¥415m	¥501m	+20.8%
Ordinary profit	¥443m	¥540m	+22.0%
(Ordinary profit margin)	(14.6%)	(17.3%)	-
Profit attributable to owners of the parent	¥301m	¥428m	+42.4%

Breakdown of net sales

Package: Due to the postponement of the start of some projects, the increase was limited to 0.5%.

Maintenance: 6.8% increase due to a growth in the number of users, etc.

(Millions of yen) Packages* Others Maintenance +0.5% YoY +6.8% YoY +29.5% YoY *Sales of ProPlus licenses and implementation services 1,969 1,978 1,079 1,010 47 60 Apr-Sep 2023 Apr-Sep 2024 Apr-Sep 2023 Apr-Sep 2024 Arp-Sep 2023 Arp-Sep 2024

Contributing factors of increase in operating profit

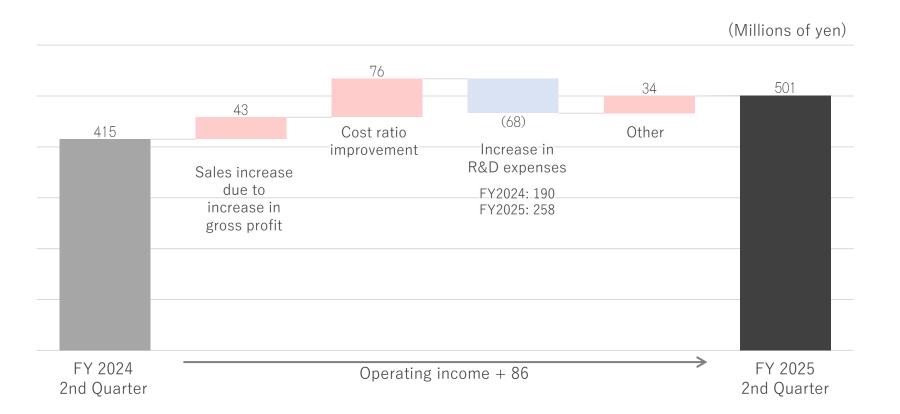

Operating profit increased ¥86m year on year. Below is the contributing factors:

- Increase in gross profit due to higher sales (+¥43m YoY)

- Increase in gross profit due to improved cost to sales ratio (+¥76m YoY)

- Increase in R&D expenses (SG&A expenses) (+¥68m YoY)

Orders received and order backlog

Package: Orders received decreased YoY due to prioritizing version upgrades for existing users.

Order backlogs decreased YoY due to an acceleration of acceptance inspections.

Maintenance: Orders received decreased YoY due to stop accepting long-term contracts.

Order backlogs increased YoY due to an increase in new users.

FY2025 2nd Quarter				
Item	Orders Received	YoY	Order Backlog	YoY
package	¥2,349m	-11.6%	¥2,697m	-13.5%
maintenance	¥953m	-21.3%	¥2,595m	+ 4.6%
Other	¥59m	+ 33.3%	¥45m	+ 17.1%
total amount	¥3,362m	-14.1%	¥5,338m	-5.3%

Forecast of results for FY2025 (ending March 31) Speciality

- Expect to increase revenues by version upgrades for existing customers and acquiring new projects in the infrastructure industry, etc., continuing from the previous fiscal year.
- Despite aggressive investments in new product development to comply with the new lease accounting standards, recruiting activities to secure excellent human resources, and preparations for the opening of the SAGA office, we expect an increase in profit due to cost of sales control through quality and productivity improvement eforts.

	Results FY2024 (ended March 31)	Forecast FY2025 (ending March 31)	YoY
Net sales	¥6,812m	¥7,300m	+ 7.1%
Operating profit	¥1,632m	¥1,900m	+16.4%
Ordinary profit	¥1,877m	¥2,000m	+ 6.5%
Ordinary profit margin	27.6%	27.4%	-
Profit attributable to owners of the parent	¥1,349m	¥1,400m	+ 3.7%

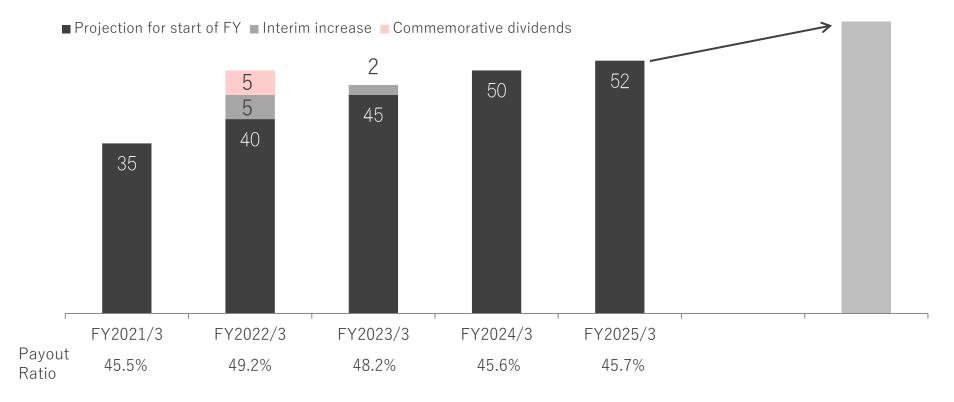

Forecast dividends per share for FY2025

Dividend Policy

The Company's policy is to actively return profits to shareholders by continuing to pay progressive dividends(*), in addition to maintaining a dividend payout ratio of 40% or higher, while promoting upfront investments for sustainable growth and improving profitability and capital efficiency.

*A dividend policy that, in principle, does not reduce dividends, but maintains or increases dividends.

^{*}The commemorative dividends paid in Y2022/3 is celebrating 5,000 companies using ProPlus.

^{*}The projected payout ratio for FY2025/3 was calculated according to the number of shares at the end of FY2024/3.

Products in the ProPlus series

■Fixed Asset Management Solution

The leading fixed asset management solution for enterprises in Japan. We have been specializing these solutions for long time.

■Lease Asset Management Solution

Improves efficiency of lease asset management and covers various aspects from contracts to generating accounting information.

■CIP Accounts Subsystem

Improves the efficiency of complicated work of construction in progress accounts. Links seamlessly with our fixed asset solution.

■Physical Checking Subsystem

Enables total management of physical checking of assets from planning to execution.

■Lease/Rental Contract Management System

Offers efficient lease contract management for retail businesses and other multi-location operations.

■Land Information Management Subsystem

This subsystem helps managing land information, utilized by industries such as railway companies that manage a significant amount of land.

■Construction Settlement Solution : Smart

Uses OCR and AI technology to efficiently process large volumes of invoices generated from construction activities, significantly streamlining accounting data input.

■ Asset Inventory Management Solution (SaaS)

This provides efficient fixed asset inventory using mobile devices and cloud technology.

ProPlus

■Solution for New Lease Accounting Standards

The first solution in the market for the upcoming changes in lease accounting standards of Japan. It calculates the accounting impact of the changes.

■ ProPlus for Electric Power Company

New!!!

Fixed asset management solution compliant with electricity business accounting regulations for the electricity industry.

"Best of Breed": Unique Positioning

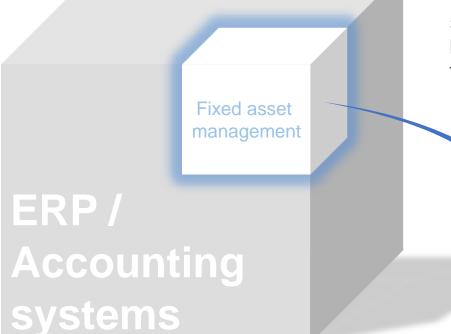

ProPlus

Not an accounting system.

Specialized solutions for fix asset management.

We focus on the fixed asset management. We can provide customers with high quality solution because we are experts and we cover all business value chains, from software development to system implementation, or providing support.

To maximize efficiency in fixed asset management, customers use our solution with their ERP.

Current Situation of Capital Costs and Return on Capital - ROE

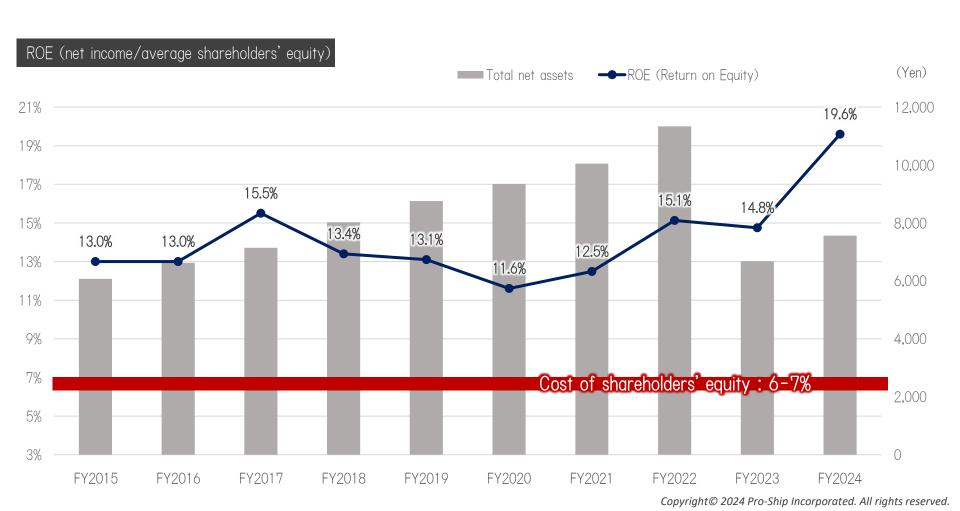

ROE (Return on Equity) remains stable over the long term at over 10%.

This is further enhanced by the share buyback in FY2023,

it greatly exceeds our estimated cost of equity (6-7%).

Cost of equity: Calculated using CAPM (risk-free rate + (β × market risk premium))

Current Situation of Capital Costs and Return on Capital - PBR / PER

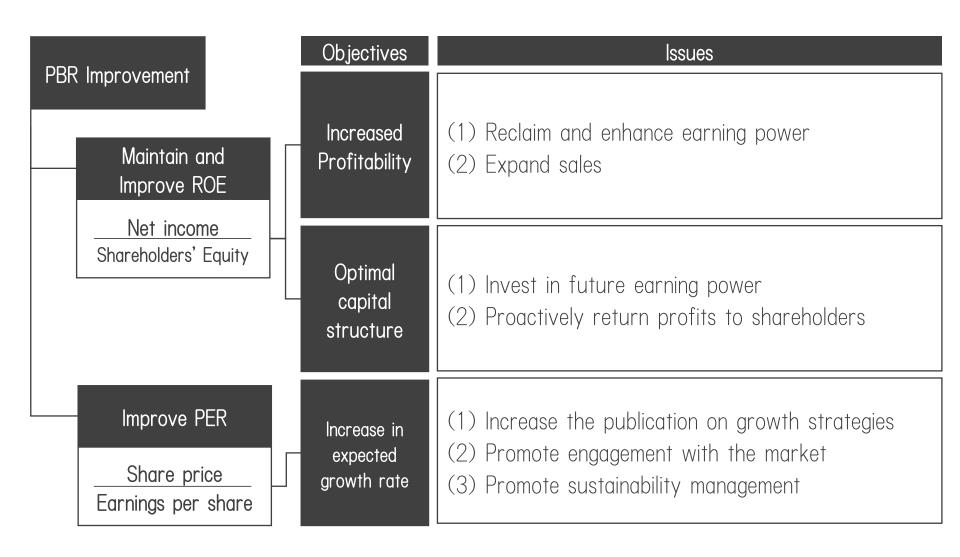

- PBR has remained above 1x over the long term, but it has not reached the level of other companies in the same industry.
- PER has averaged 14.8x over the last 5 years, which is below the level of other companies in the same industry.
 - ⇒ Market expectations for our growth strategy have not been properly raised.

Action to Implement Management that is Conscious of Cost of Capital and Stock Price

Decomposition of factors to improve PBR (= ROE x PER)

Action to Implement Management that is Conscious of Cost of Capital and Stock Price

Maintain and improve ROE - Increased profitability

Issues	Specific Goals and Initiatives
(1) Reclaim and enhance earning power	 Building a Hybrid Model (Conventional one-time purchase license business model + SaaS subscription business model) Expansion of recurring revenue Maintaining an ordinary profit margin of over 30% Ordinary profit per employee of over 10 million yen (FY3/2029)
(2) Expand sales scale	 Expanding results in growth areas such as social infrastructure industry, new lease accounting standard Average annual growth rate of sales: over 15% (FY3/2025 - FY3/2029)

Action to Implement Management that is Conscious of Cost of Capital and Stock Price

Maintain and improve ROE - Optimal capital structure

Issues

Specific Goals and Initiatives

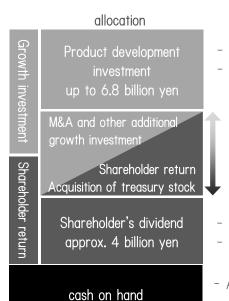

- (1) Invest in future earning power
- Continuous investment in strengthening products that are the source of revenue
- Investment in inorganic growth, such as M&A and business partnerships
- (2) Proactively return profits to shareholders
- Maintaining a dividend payout ratio of 40% or higher and progressive dividend policy
- Flexible share repurchases

Cash Allocation (FY3/2025-FY3/2029)

While investing in human capital, such as by increasing employee compensation levels, we will seek to maximize operating cash flow.

source

- Investment in product development 7-13% of sales
- New product sales composition ratio: over 30% (FY3/2029)

Flexible implementation in consideration of business environment

- Maintaining dividend payout ratio of over 40%
- Continuation of progressive dividends
- Appropriate cash position based on factors such as increased working capital and business risk

Action to Implement Management that is Conscious of Cost of Capital and Stock Price

Improve PER - Increase in expected growth rate

Issues	Specific Goals and Initiatives
(1) Increase the publication on growth strategies	- Publication of medium/long-term goals and plans for achieving them - Enhancement of information disclosure
(2) Promote engagement with the market	- Strengthen communication with shareholders and investors
(3) Promote sustainability management	 Promotion of human capital management Ratio of female directors exceeds 30%, introduction of restricted stock compensation, enhancement of training and development, etc. Environmentally Sustainable Operations Promotion of cloud computing and digitalization, use of energy saving appliance, etc. Contribution to the community Establishment and expansion of Saga office, etc.
	- Strengthening Corporate Governance

Hybrid Model

ProShip's expertise will make the greatest contribution to the new lease accounting standards opportunity. The conventional model will meet the needs of existing customers to comply with the new standards, and the SaaS model will meet the expectations of new customers and the market. The synergistic effect of both models will continue to be the engine for promoting growth strategies such as overseas expansion and the TEAM concept.

Product Development/R&D

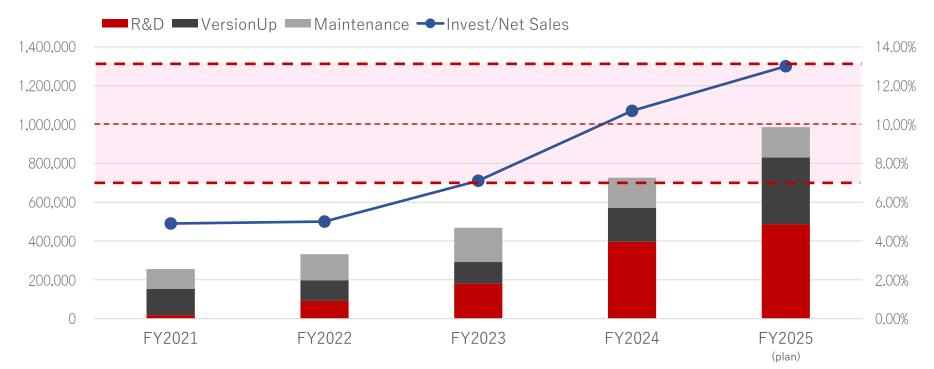

While investing in future earning power (people and product development), Increase current earning power (profit)

Invest in future earning power with discipline

Invest 7-13% of sales in product development and R&D. At least 1/3 of this amount will be invested in R&D.

Through continuous investment, the company will take advantage of new technologies such as AI, maintain and enhance the functional superiority and market competitiveness of its products. By standing out in the market, we take price leadership, which will be reflected in its pricing strategy.

Changes in Lease Accounting Standards

New Accounting Standard for Lease Transactions will be enforced from the business year starting April 2027. We are going to meet the market's needs by our specialized solution.
